DocFast: 11.2.1 HOTFIX RELEASE

Release Date: September 30, 2025

FIXES

- **Agent Dashboard Pre-Population Issue:** *(Applies to agent users using SSO logins)*
Previously, when agent users logged into DocFast via Single Sign-On (SSO), their main dashboard did not automatically display document packages, requiring manual filtering to view cases. This issue did not affect agent users logging in through iPipeline's Pipepass. With this release, dashboards for agent SSO users will now correctly pre-populate with their business.
