

# 03-23-2026 DocFast 13.4.0 Hotfix Release Notes

Product release notes for all products can be viewed on the iPipeline [Customer Portal](#). To receive automatic notifications when new release notes are published, log onto the iPipeline Customer Portal, go to *Resources > Release Notes* and select the product(s) that you would like to receive notifications for.

## DocFast: 13.4.0 HOTFIX RELEASE

**Release Date:** March 23, 2026

### **Note:**

- *Automatic feature* = feature is automatically available with base upgrade
- *Requires Activation* = feature must be turned on / configured (an additional cost may apply)
- *Requires Changes* = feature requires the client to make changes to existing implementation to avoid errors / loss of product performance (see the [Requires Changes](#) section below for details on any required actions).

## FIXES

- **Actions Button Disabled on Main Dashboard:** (*Applies to all Carriers, Distributor and Agent Users*)

Resolved an issue where the **Actions** button on the main dashboard would occasionally appear disabled, requiring users to navigate to the policy detail page to complete actions. With this release, the **Actions** button now correctly enables when appropriate, ensuring a smoother and more efficient workflow.
