

05-28-2026 iGO Evolve 4.1 Release Notes

Product release notes for all products can be viewed on the iPipeline [Customer Portal](#). To receive automatic notifications when new release notes are published, log onto the iPipeline Customer Portal, go to *Resources > Release Notes* and select the product(s) that you would like to receive notifications for.

iGO Evolve: 4.1 RELEASE

Release Date: May 28, 2026

Note:

- *Automatic feature* = feature is automatically available with base upgrade
- *Requires Activation* = feature must be turned on / configured (an additional cost may apply)
- *Requires Changes*= feature requires the client to make changes to existing implementation to avoid errors / loss of product performance (see the [Requires Changes](#) section below for details on any required actions).

FIXES

- **Duplicate SSN for Additional Insured:** Resolves an issue where the system would not throw an error if the SSN for the Additional Insured was the same as the Proposed Insured.
- **Beneficiary percentages not calculating correctly on deleting a record:** When Split Beneficiary Percentages Equally is set to true and a beneficiary is removed from the case the system was not automatically updating the percentages for the remaining beneficiaries. With this update the beneficiary percentages are automatically updated when Split Beneficiary Percentages Equally is set to yes and beneficiaries are removed or added.
- **Updated default pin length for Send My Pin (MFA) to 6:** With this update the default Pin length for the Send My Pin feature is now 6 digits.
- **Duplicating a cases using On Behalf Of error:** When a user logs in using the On Behalf Of feature and duplicates case they would receive an error. With this fix when an On Behalf Of users duplicates a case they now get the expected result of a successfully duplicated case.

- **Unable to modify the citizen question group on the Final Expense product:** This fix resolves an issue where teams were unable to modify the citizen question group in their implementation when leveraging the Final Expense Foundations product.
